If you invest in the industry, the industry will invest in you!

"You can't expect to do business in this industry if you're not in the magazine and exhibiting at the EXPO Tradeshow. You have to be committed in a lot of different ways, because it's a small industry and people do talk. But that's a good thing, because you can get a lot of great recommendations through word of mouth and they are a very loyal group. The only way you can get to know the decision-makers in this industry is go to the EXPO and talk to them, to meet them in person.

"I serve a lot of other industries, but the adult nightclub industry is still 50 percent of my business—that's only because I'm involved with the EXPO and with (the magazine). I've talked to some club owners for two or three years before they actually bought carpet. You can't just show up once and make a bunch of phone calls and expect club owners to order in droves. If you expect dedication from them you have to be dedicated to them. You have to support the industry if you want them to support you." — **Industry veteran Kristin Messick of Omega Pattern Works**
