

# Special Focus

deadline: Feb. 10

## Keep Your Hands to Yourself!

The best security products

March 2021

In the “new normal,” how clubs keep their entertainers, staff and patrons safe will be changing. When communication is key and “touch-free” is the goal, security products like radios, wands, metal detectors and touch-free ID scanners become go-to solutions for clubs. We’ll highlight the products and companies that provide these critical products and services.

**Touch-free ID scanners \* Wands \* Metal detectors \* Radios \* Partitions \* Signage**
